

November 21, 2025

Dear Friends and Patients,

It has been an honor that you have trusted our office with your dental care. Many of you have come to our “little brick building” for many years or even your entire life! Dr. Rold and Dr. Long are both extremely grateful for your trust and friendship over the years.

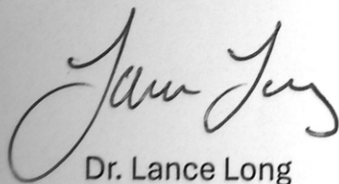

We will both be retiring from Lakewood Family Dentistry. Our primary goal before making this decision was to find our patients and staff a dentist who shares our practice philosophy of “treating patients the way we would want to be treated.”

We were happy when a Lakewood husband and wife team (whom we have known for several years) expressed an interest in our practice.

Drs. Cameron and Sarah Waters share our practice philosophy and have a comprehensive knowledge and use of the most current dental technology. Both Cameron and Sarah are highly skilled and personable, offering most dental procedures “in house” such as fillings, crowns, bridges, root canals, implants, cosmetic procedures, and even Botox.

We are working diligently to make this a smooth transition for all.

Once again, our heartfelt appreciation and gratitude for trusting us with your dental care,

  
Dr. Lance Long

Dr. Trent Rold
