

Dear Patients of Dr. Long and Dr. Rold,

We hope this message finds you well. It is our honor to introduce ourselves as the dentists selected by Dr. Long and Dr. Rold to carry on their legacy. We are Dr. Cameron Waters and Dr. Sarah Waters, and we feel truly privileged to care for you and your families. Our commitment is to preserve the trust, comfort, and excellence you have always experienced.

We want to express our sincere gratitude to Dr. Long and Dr. Rold for the remarkable legacy they've built. Their dedication to compassionate, high-quality dentistry is the foundation we are proud to continue. You will continue to see the same familiar team you know and trust, and all treatment plans, preferences, and records remain unchanged to ensure a smooth and comfortable transition.

Dr. Cameron Waters is a third-generation dentist passionate about integrity, education, and clinical excellence. He graduated at the top of his class from the University of Texas School of Dentistry and has pursued advanced training in restorative, surgical, and interdisciplinary treatment. He also teaches fellow dentists through Spear Education, one of the nation's leading centers for advanced dental training.

Dr. Sarah Waters is an accomplished cosmetic dentist recognized for her meticulous attention to detail, gentle approach, and dedication to achieving natural, beautiful results. She continues to train under some of the world's leading cosmetic dentists and is dedicated to providing personalized, patient-centered care.

To elevate your experience, we have introduced new technology to the practice, including advanced imaging for clearer and more accurate diagnoses, an in-office lab that provides same-day crowns without the need for multiple visits, and digital scanning technology to eliminate uncomfortable impressions.

We have also added comfort-focused amenities such as Netflix in every room, warm towels, and noise-canceling headphones to make your visits more relaxing. Additionally, we are excited to offer expanded services, including no-prep veneers, implants, gum grafting, Botox, and clear aligner therapy.

Our mission is simple: to maintain the trust, comfort, and quality you have always known, while enhancing your experience with modern technology, expanded services, and compassionate care. Thank you for welcoming us into this wonderful practice family. We sincerely look forward to meeting each of you and are honored to care for you and your loved ones for many years to come.

With warm regards,  
Dr. Cameron Waters & Dr. Sarah Waters
